Workshop Meeting of the Sleepy Hollow Village Corporate Authorities was called to order on September 9, 1986 at 7:30 PM. Notice had been mailed to all Board Members, Deputy Clerk, Attorney, Engineer, Public Works Supt., The Daily Courier News; and the Herald Free Press. Present were President Peterson, Trustees Shields, Cook, Hoff, and Harris; Clerk McKeown, Engineer Whiston, Supt. of Public Works Arnold Ross, a LWV Representative, A Free Press Reporter and 12 citizens.

Discussion on Rainbow Creek Problem centered on Solution #3 out of 6 possible solutions. Harris and Whiston will make a formal presentation of this solution at the September 16th Board Meeting.

Discussion on the Public Works Department centered on going out to Contract for snowplowing. Comparative costs of South Barrington vs. Sleepy Hollow presented at the last Board Meeting were revised after further talks with South Barrington Officials. The costs per mile in the Comparison were actually higher for South Barrington. The consensus of the Board was to continue with our current arrangement and try to buy new trucks at the next auction in October.

Meeting was adjourned at 9:25 PM

Respectfully submitted

Janet McKeown

Village Clerk
