

VILLAGE OF SLEEPY HOLLOW
MEETING - March 26, 1959

The meeting was called to order at 7:45 P.M. on March 26, 1959 by the Village President, Floyd Falese. First order of business was the Roll Call which was answered as follows:

Keith Stewart	Absent
Eugene Unterschuetz	Present
James Jordan	Present
David B. Garrison	Present
Elmer Houlberg	Present
Stanley Jensen	Present
David E. Garrison	Present

Also present were Robert Stitgen, Village Marshall - Francis Weaver, Police Magistrate and Arthur Lindeman, Village Treasurer.

The question of the issuing of permits on new homes and the required inspections that follow was brought up by D. B. Garrison. It was generally felt by the Board that there is a laxity on the part of some of the builders in obtaining their required inspections. Stanley Jensen suggested that a full time building inspector be hired by the Village. Mr. Jensen feels that the amount of time required to adequately inspect the number of buildings planned for this year is far in excess of what can be properly handled by the Board members on a part time basis. It was generally agreed upon by the Board that an applicant for this job will be considered. Mr. Jensen will screen any applicants.

Floyd Falese next suggested that the procedure for the issuing of permits be varied slightly as follows. Application is to be made with two sets of blueprints with the Sleepy Hollow Secretary. All forms will be filled out and readied for approval by an authorized Board member. The application form and one copy of the blueprint, along with a permit card, will then be issued to the applicant.

Floyd Falese next reported that he has surveyors working on the parks and waterways in preparation for dedication of said properties to the Village of Sleepy Hollow. There will be a discussion at a later meeting by the Board members with reference to the Village's acceptance of the parks and waterways. Restrictions governing these public properties will also be discussed.

Francis Weaver, Police Magistrate, notified the Board that at the conclusion of his present term he will no longer be available for any type of official job in the Village of Sleepy Hollow.

James Jordan next suggested that some sort of tax be levied to provide the Village operating expenses. The possible use of a vehicle sticker was suggested. The point of revenue available to the Village from gas and road tax and so forth was brought up by Floyd Falese. Mr. Falese will check with the officials involved and report to the Village Board on what financial assistance can be expected.

Floyd Falese will check on insurance and bonding requirements for the village officials and report to the Board of his findings.

The motion was made to adjourn at 10:10 P.M. by David B. Garrison, seconded by James Jordan, and carried.

Respectfully submitted,

David E. Garrison
David E. Garrison
Village Clerk
